Heavenly Father,
Of every gift you have given us, one of the greatest is your love. Lord, how I thank you that your love for the _____ family is deeper than anyone can comprehend and that they can rely on it during every season of their lives. Lord, I thank you that in the midst of pressing trials, you are there, ready to save them. How amazing to think that you take great delight in them, and that you can quiet the storms raging in their hearts with your love. Father, I pray that in this day they would experience your love and compassion for them on a new level. Lord, I also thank you that you love [child's name] deeply, and that you are very concerned with every challenge he/she faces. Lord, I thank you that you can communicate to our children in ways that we cannot. Therefore, Father, would you touch [child's name] with your love today in a way that he/she can understand and recognize? Father, I pray that today, deep within his/her spirit, he/she would somehow know that you are rejoicing over him/her with singing.
