

Tuesday

Dear Lord,
We thank you that you provide what the _____ family needs to be overcomers in all situations. Lord, when they feel weary or the battles they face seem too hard, I ask that you would impart a special measure of faith and persistence for pressing forward into all you have for them. Father, I especially pray this for [child's name]. Give him/her all that he/she will need to overcome the obstacles he/she faces.

I pray particularly for (name one or two issues the child is facing). I ask for your grace in this situation, and for your overcoming power to help him/her break through. (The following is a prayer for siblings, if applicable) Lord I also ask for [siblings' names], that you would visit them with overcoming power as well. This family's situation can often present them with special and difficult situations as well. Even in their youth I ask that you would give them great wisdom and ability to deal with their challenges in ways that will be productive. I ask that you would also give them an extra measure of hope for their futures and faith in you to provide all they need.

August 1

“In all these things we are more than conquerors through him who loved us.”

(Romans 8:37, NIV)
