

## Tuesday

Dear Lord,

We thank you that you provide what we need to be overcomers in all situations. Lord, when we feel weary or the battles we face seem too hard, we ask that you would impart a special measure of faith and persistence for pressing forward into all you have for us. Father, we especially pray this for \_\_\_\_\_. Give him/her all that he/she will need to overcome the obstacles he/she faces.

We pray particularly for (name one or two issues your child is facing). We ask for your grace in this situation, and for your overcoming power to help him/her break through. (The following is a prayer for siblings, if applicable) Lord we also ask for [siblings' names], that you would visit them with overcoming power as well. Our family's situation can often present them with special and difficult situations as well. Even in their youth we ask that you would give them great wisdom and ability to deal with their challenges in ways that will be productive. We ask that you would also give them an extra measure of hope for their futures and faith in you to provide all they need.

# August 1

“In all these things we are more than conquerors through him who loved us.”

(Romans 8:37, NIV)
