August 8

Dear Lord,

I come to you today, once again thankful for all the promises that you have in your Word for the _____ family. I thank you that it is your desire to bless and to prosper them. Thank you that you have promised to satisfy them fully, and that you will meet their needs with abundance. Lord, I ask that you would remove any obstacles that would prevent your blessings from flowing into this family.

Please show them if there is anything that is blocking them from fully walking in your plans for them. I pray that in this day you would anoint [child's name] with your power to overcome any challenges that he/she may face, and I pray your healing would rest on every area of his/her body.

In Jesus' Name,

Amen
