

Thursday

Dear Heavenly Father,  
I thank you for all that you do for the \_\_\_\_\_ family. I especially thank you for cleansing their consciences and their bodies. I pray that you would cleanse them of all guilt that they may feel because of [child's name]'s autism. So often they worry that they may not be doing the right interventions for him/her and sometimes feel guilty. However, as they draw near to you and you show them

which path to take, they are set free. So, help them draw near to you. I pray too that their bodies would be washed so that they would be strong and healthy. I again thank you for the destiny that [child's name] has in you. I pray that your plans for him/her would manifest today. I pray that your anointing would rest on him/her and bring new levels of healing and development to his/her brain. I thank you for each new day, and for the restoration you bring with it.

In Jesus' Name,  
Amen

“Let us draw near to God with a sincere heart in full assurance of faith, having our hearts sprinkled to cleanse us from a guilty conscience and having our bodies washed with pure water.”
